Dear Prospective Sponsor,

It is with pleasure that IMESA will be hosting the 2026 IMESA Conference in Durban at the Durban International Convention Centre. On behalf of IMESA and the Local Organising Committee, I invite you to Durban to participate in our 89th IMESA Conference & Exhibition from 28 – 30 October 2026

Our Conference theme this year is “Blueprints Reimagined Judiciously”

Engineering has always been a cornerstone of progress, transforming the way we live, work and connect with the world around us. From the Industrial Revolution to today's cutting-edge innovations, engineering has consistently led the way in shaping a brighter future. Through advancements in technology, materials, and design, engineers have the unique ability to turn ideas into reality, solving complex challenges and enhancing the efficiency and sustainability of infrastructure. As the global community grapples with the urgent need for a more sustainable development, the role of engineering in driving innovation, environmentally responsible solutions has never been more critical.

This year, our theme, “Blueprints Reimagined Judiciously”, underscores the vital contribution engineers make to ensuring a balanced and resilient future. It challenges us to explore creative approaches to meet today's demands while safeguarding resources for generations to come. Together we celebrate innovation guided by Wisdom.

The IMESA conference is an important event for all professional engineers and municipal officials who are involved in infrastructure management and service delivery. It brings together national and international delegates to share knowledge with their peers, to receive information on the latest developments and to find innovative solutions to challenges faced by all our municipalities.

IMESA offers a wide range of sponsorship opportunities. Kindly review our sponsorship prospectus to see what option would suit your company.

We encourage you to consider participating in a unique and significant event to build awareness for your brand, and to network with key industry partners, and to nurture existing relationships, build partnerships and discuss opportunities, with both the public and private sector participants.

We look forward to welcoming you at the 2026 IMESA Conference in Durban.

Thank you for your support.

Geoff Tooley
